Kimberly,

Reference our today's phone conversation concerning an archive search for aerial photos of the San Jacinto River Waste Pits site.

Request copies of all archived aerial pictures of the following areas for the period beginning 1950 though present time.

Combined land /water area of interest is east of Houston, TX and is adjacent to the north side of I-10 where I-10 crosses over the San Jacinto River in Harris County, Texas. The land/water area of interest is comprised of thee adjacent areas that are identified in the attached picture (jpg file):

Area 1 identified with the letter "A".

Area 2 identified with the letter "B".

Area 3 the water area north of areas "A" and "B" and south of the "C" shaped island, i.e., the water area between areas "A" and "B and the "C" shaped island.

Site aerial photo and completed Archive Request form are attached.

Call me if you have questions concerning my request. Looking forward to your findings.

Bob Werner

12:46 PM

Hi Bob - as promised, here is an archive search form - there is no cost associated with this or any resulting materials. You can just complete it and then email it back....

archive_request.doc

Let me know if you have any questions.

Kim
